A meeting of the management of the Medical Faculty was held on 12.05.2021. with representatives of health institutions, Serbia Hospital from East Sarajevo, Zvornik Hospital, Trebinje Hospital, Foca Health Center, Gacko Health Center, East Sarajevo Health Center and Foca University Hospital. The meeting was attended by the directors of the mentioned health institutions, assistant directors, head nurses and advisors, a total of 12 representatives.

At the meeting, the realization of professional practice in health institutions for students of all years of study of the study program of Health Care was discussed. Representatives of all health care institutions expressed their readiness to offer students practical classes in their health care institutions, which can be realized in accordance with the catalogue of practical knowledge and skills of the study program Health Care.

In order to more effectively implement this process of practical training, it was agreed at the meeting that the above health institutions delegate mentors who will be responsible for admission of students to their health institutions and who will be responsible for monitoring and developing students during their stay in the health institution. to fill in the diary of professional practice and evaluate the mastered learning outcomes of practical teaching.

It is planned that the education of mentors of health institutions will be held in June 2021, with the support of the teaching staff of the Faculty of Medicine and representatives of the Chamber of Commerce of Republic of Srpska, who have experience in educating mentors for secondary dual education.

At the meeting, on behalf of the Faculty of Medicine, they held presentations by prof. dr Dejan Bokonjić, mr Natalija Hadživuković and doc. dr. Nenad Markovic.
